

AUTODESK IMPRESSION 3 IN WINDOWS 7

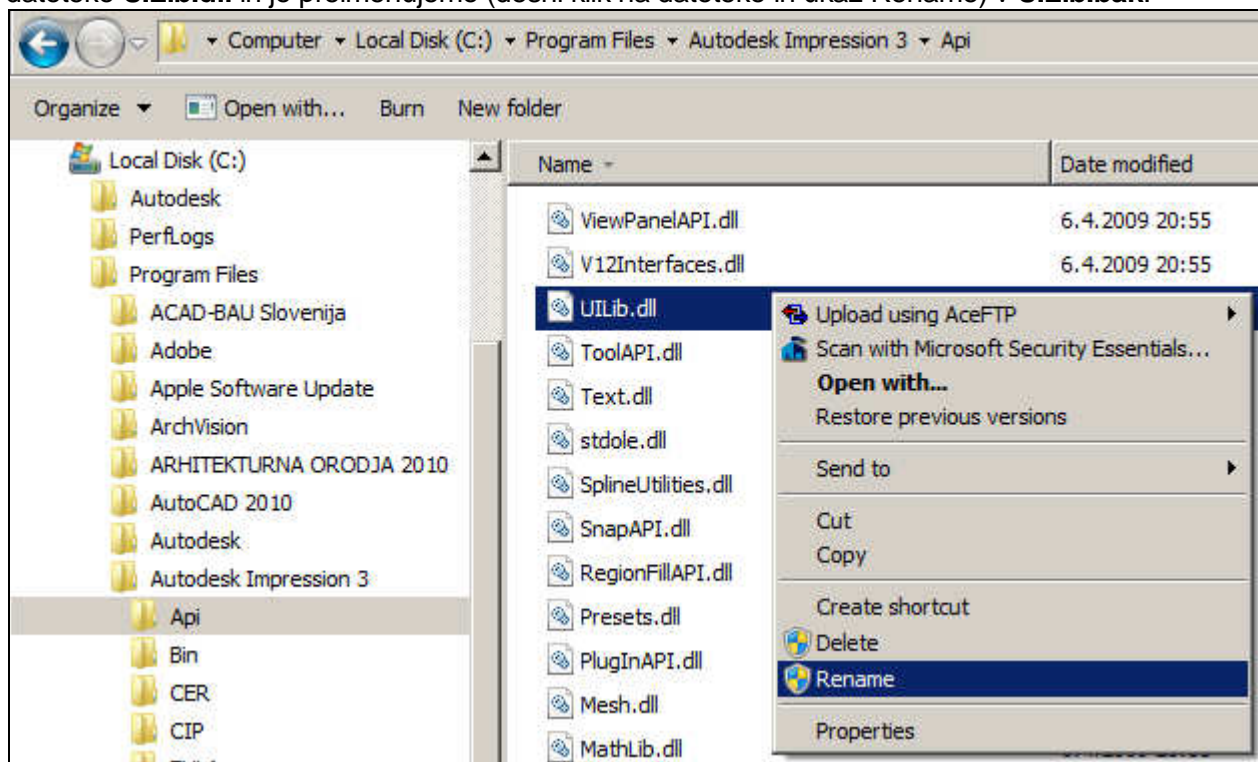

Če ste instalirali program Autodesk Impression 3 na operacijski sistem Windows 7, ste sigurno razočarani ugotovili, da se program sesuje ob izbiri ukazov za delo z datotekami. Autodesk je težavo rešil s programskim popravkom, ki si ga naložite po naslednjih navodilih:

1. Če imamo program Autodesk Impression 3 odprt, ga zapremo.
2. Povežemo se na Autodeskovo spletno stran
<http://usa.autodesk.com/adsk/servlet/ps/dl/item?siteID=123112&id=14719247&linkID=9364941>
3. Kliknemo datoteko **impression_r3_win7_hotfix.zip** in jo namestimo (**Save**) v poljubno mapo na računalniku.

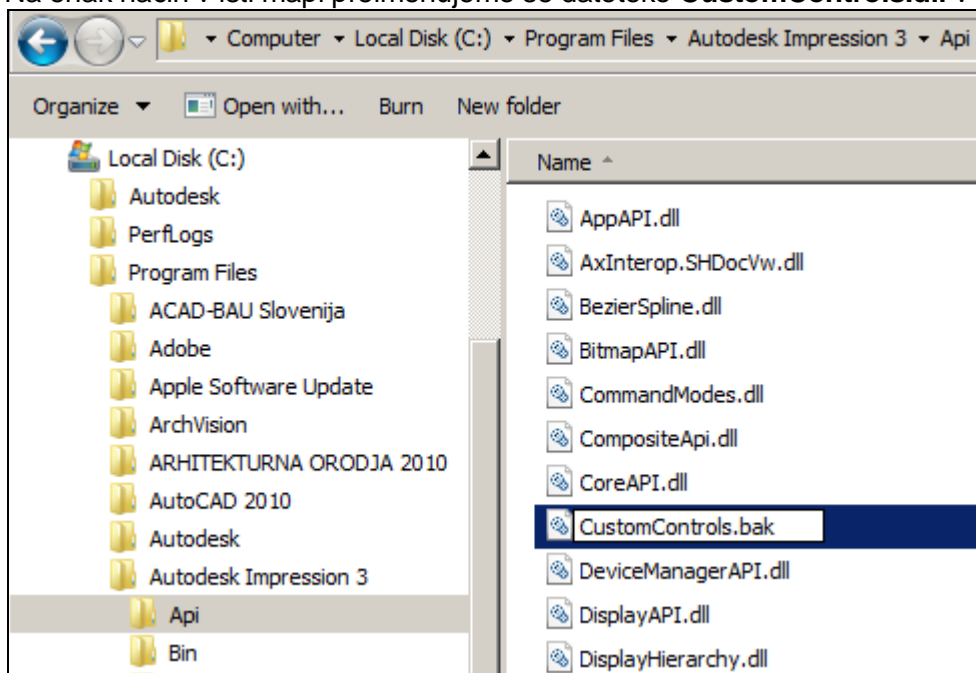

The screenshot shows the Autodesk Impression Services & Support website. The main heading is 'Autodesk Impression Services & Support'. On the left, there is a navigation menu with 'Community Support' selected. The main content area is titled 'Impression 3 Hotfix for Windows 7'. It includes the following information:

- Published date: 2010-Mar-12
- ID: DL14719247
- Applies to: Autodesk® Impression 3
- Download link: [impression_r3_win7_hotfix.zip \(zip - 1251Kb\)](#)
- Description: This hotfix corrects a problem with Autodesk® Impression 3 on Microsoft® Windows®7 where attempting to open, save or import a drawing will cause Autodesk Impression 3 to fail.

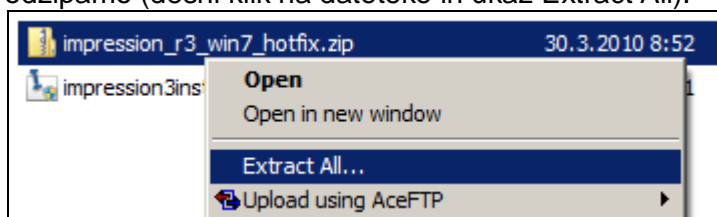

4. V Raziskovalcu (Windows Explorer) poiščemo v mapi »**C:\Program Files\Autodesk Impression 3\Api**« datoteko **UILib.dll** in jo preimenujemo (desni klik na datoteko in ukaz Rename) v **UILib.bak**.

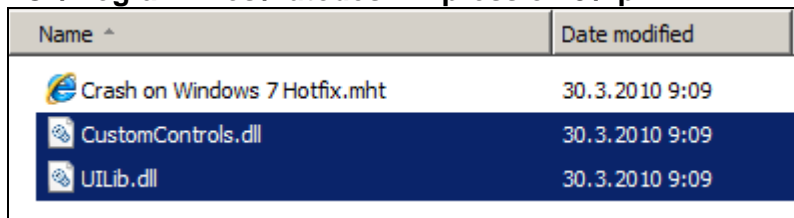

5. Na enak način v isti mapi preimenujemo še datoteko **CustomControls.dll** v **CustomControls.bak**.

6. Poiščemo mapo v katero smo na začetku shranili datoteko **impression_r3_win7_hotfix.zip** in jo odzipamo (desni klik na datoteko in ukaz Extract All).

7. Odzipani datoteki **UILib.dll** in **CustomControls.dll** sedaj kopiramo v mapo »C:\Program Files\Autodesk Impression 3\Api«.

Po uspešnem prenosu datotek program Autodesk Impression 3 deluje tudi na operacijskem sistemu Windows 7!
